Depozitarul Central S.A.;

The capacity of a legal representative shall be ascertained based on the list of SNN shareholders valid on the reference date, received from Depozitarul Central S.A. However, if the shareholder did not inform the Central Depository in time about his legal representative (so that the Shareholders' register shows this fact at that particular date), then the confirmation of company details/similar documents aforementioned must prove the shareholder's legal representative; for the Romanian State, the capacity of legal representative of the Ministry of Energy is proven by the copy of the appointment decree issued by the President of Romania (copy of the Official Gazette is has been published in or excerpt of a legislative program).

For all afore mentioned situations, the documents presented in a foreign language (excepting the identity documents valid on the territory of Romania, written with Latin letters) shall be accompanied by a certified translation into the Romanian or English language. The documents proving the capacity of legal representative drafted in a foreign language, other than the English language, shall be accompanied by a translation into the Romanian or English language, performed by a certified translator. SNN shall not require the legalization or apostille of documents which prove the capacity of legal representative of the shareholder.

When calculating the quorum for the OGMS/EGMS, shares for which the shareholder expresses his/her vote in the general meeting of shareholders by expressing "abstain" options as well as shares for which the shareholder does not express a voting right are taken into account. When calculating the majority of votes cast in the general meeting, the majority of votes cast by "abstaining" votes shall be taken into account, in the sense that if the majority of votes cast are "abstaining" votes, the resolution shall not be deemed to have been approved by the shareholders, as the number of votes required for a resolution to be passed has not been reached.
